Sir:

Please immediately advise the undersigned of the present status of the above-identified patent.

On May 19, 1994 a paper was filed in view of U.S. Patent and Trademark Office [hereinafter "PTO"] paper dated May 6, 2004, in which the PTO held the application abandoned, on the grounds that the November 21, 2003 Applicants' paper was non-responsive (hereinafter "November 2003 paper"). In Applicants' view, the holding of abandonment in this case is *contra* the mandate of 35 U.S.C. §132.

In the applicants' view, the statute provides that an application can be allowed [35 U.S.C. 131] or "rejected" and "reexamined". [35 U.S.C. 132] Accordingly, applicants request allowance and/or examination.

Please immediately advise the undersigned of the status of the  
above-identified application..
